

$AV = \text{Adjacent-network}$

$AC = \text{Medium}$

$A_U = \text{None}$

start with small words like xwŋ,
v̥w̥ and jən at this point
we guess what the values are
I'll guess j looks like a vowel first
so j → o so shift q back
our words become

man are one

the whole message becomes
the rights of every

man are diminished

when the rights of

One man are threatened

I got lucky
